### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the closest prior art, to Ring (US 4477495) and GB 377,983 (hereinafter '983) in combination provides the application of a uniform back coating to a carpeting web (greige good) by applying a puddle of coating composition to the back of the web, and then passing the web between a bed plate and a doctor blade to provide a uniform coating, with '983 providing the teaching that when coating a fabric web and passing it between a bedplate and doctor blade to provide a uniform coating, the bedplate can desirably have a recessed groove cut in the bedplate in the area of the doctor blade. As a result, when the doctor blade presses the web, the fabric bridges over the grooves and the resultant space below the fabric allows irregularities of thickness to pass safely below the doctor without harm to the fabric. See the discussion at paragraph 4 of the July 12, 2004 Office Action. However, neither Ring nor '983 (alone or in combination) teach or suggest the invention as is now claimed. No teaching or suggestion is made that the bedplate can have two bars attached to the substantially horizontal upper surface of the bedplate to form the recess as claimed (claim 31) or that two separate bedplates can be used to form the claimed recess area (claim 32).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The amendment of October 12, 2004 overcomes all the outstanding amendments and rejections to the claims. The objection to the disclosure is withdrawn ~~as~~ the amendment provides for the indication that application 10/348,295 is now U.S. Patent No. 6,719,845. The 35 USC 103 rejection of claim 30 is withdrawn as claim 30 was canceled by the amendment. That leaves as the only claims 31 and 32 pending, and those claims are in allowable form for the reasons discussed in paragraph 1 above.
